TERMS OF SALE

1. All bids are to be per lot; no lots will be broken. In the event of identical bids on the same lot, the lot will be awarded to the first bid received. In the event of a dispute during floor bidding the auctioneer may at his discretion immediately put the lot up for sale again.
2. All sales are strictly for cash payable in U.S. dollars drawn on a U.S. bank. Invoices must be paid within 5 days of receipt. Shipping, handling, postage and registration charges will be added for lots delivered by mail. All bidders not furnishing resale permits will be responsible for sales tax as required under the law for lots delivered in the state of California. Any account not paid within the prescribed terms as outlined above will be billed additional interest and collection charges.
3. Bidders not known to us must furnish satisfactory references and/or a deposit equal to 25% of the bids submitted (which will be applied to purchases; any difference will be billed; any overage will be refunded). We reserve the right to obtain payment in full before delivery of the lots from any successful bidder even if satisfactory references are submitted. Title does not pass until lots are paid for in full.
4. No "buy" or unlimited bids will be accepted. No bids will be accepted from minors. The auctioneer and/or the cataloguer reserves the right to refuse any bid which, in our opinion, is not made in good faith or does not qualify credit-wise.
5. All items are guaranteed genuine.
6. We cannot be responsible for your errors in bidding, so check your bid sheet carefully. Please bid in even dollar amounts. All bids not in even dollar figures, including those increased by 10% to 20% (see our special service on the bid sheet), will be rounded off to the lower whole dollar amount. All bid sheets must be signed.
7. Auction sales are not approval sales. Any lot may be examined before bidding. No lot may be returned by a mail bidder without our permission in writing. Requests to return coins must be made in writing within three days of receipt of the coins. Late remittance for purchases, however, is cause to negate this privilege.
8. No lots may be returned for any reason by floor buyers (including those acting as agents for others). All floor sales are final.
9. Any claims involving errors in the catalogue or for other reasons must be made within three days of receipt of the coins. Bowers and Ruddy Galleries acts as agents for the various consignors. For this reason, no claims of any kind can be considered after the settlements have been made with the consignors. Any dispute after the settlement date is strictly between the bidder and the consignor, without involvement or responsibility of Bowers and Ruddy Galleries and/or the cataloguers. Bowers and Ruddy Galleries reserves the right to include its own material in any auction. In the event of a typographical error or attribution error or other error, the cataloguer reserves the right to withdraw any item from the sale without notice, or, if the error is discovered at a later date, to refund the buyer's money without further obligation. By placing a bid in this sale you agree that this transaction and these terms shall be construed in accordance with the laws of the state of California. Any controversy or claim arising out of or relating to this sale shall be settled by binding arbitration in Los Angeles, California, in accordance with the rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.

INSTRUCTIONS FOR MAIL BIDDERS

Deadline for receipt of mail bids: Noon Monday, August 4, 1980. We recommend that you mail your bid sheet at least ten days prior to this date as mail delivery is sometimes uncertain.

Be sure to read the TERMS OF SALE as they apply to mail bidders as well as floor bidders. Also see our *Helpful Mail Bidding Suggestions* in this catalogue.

A bid sheet has been provided with this catalogue. Double check your bids before sending them, for we cannot be responsible for any errors on your bid sheet. Mail your bids early! Deadline for receipt of mail bids is Monday, August 4, 1980.

If you bid by mail we will act as your agent and will buy for you under your bid if there is a spread of 5% to 10% or more between your bid and the next highest bid. At Bowers and Ruddy Galleries there is no commission or so-called "buyer's charge" to pay when we handle your mail bid. Each bid will receive the careful attention of our staff.

In the case of tie bids, the earliest bid received is awarded the lot. Please check the catalogue carefully. This outstanding auction sale offers you a truly significant opportunity to acquire choice and beautiful pieces.

**THE PRICES REALIZED LIST WILL BE
PUBLISHED 60 DAYS AFTER THE AUCTION**

PLAN TO ATTEND IN PERSON!

The Del Mar Collection sale will be held in Studio 2 & 3 of the Sheraton Universal Hotel, 30 Universal City Plaza, North Hollywood, California, 91608, on Friday August 8, 1980. We encourage you to make your reservations at the Sheraton Universal Hotel or another Los Angeles hotel of your choice at the earliest possible date.

NOTICE: Successful bidders can obtain their lots at our offices Monday, August 11, 1980 between 12:00 p.m. and 4:00 p.m. Or arrangements can be made to have purchases shipped.

NOTICE OF EXHIBITION

The Del Mar Collection sale lots will be available for viewing at our offices Monday through Thursday, August 4-7 each day between 10 a.m. and 4 p.m., by appointment only.

HELPFUL SUGGESTION: To avoid congestion and to permit leisurely viewing we strongly recommend that viewing be done as early as possible. Viewing during the week of the sale is apt to be crowded. **Lots will not be available for viewing during the auction.** Thank you.

We invite you to bring your family with you. There are many interesting things for them to see and do in the Los Angeles area while you are attending our sale. Such attractions as Universal Studios, Disneyland, Knott's Berry Farm, Magic Mountain, the Getty Museum, the Huntington Library, and the L.A. County Museum of Art are but a short drive away.

Helpful Mail Bidding Suggestions

Bidding in this sale can be an interesting, enjoyable, and numismatically rewarding experience. If you're an old-time bidder with us you may find some of my comments will increase your bidding success. If this is your first sale then I particularly recommend that you read my commentary. I've numbered the paragraphs for reference in the event that you wish to ask further questions about any aspect. Have a question? You get *personal service* at Bowers and Ruddy Galleries. Write or call and I or a member of our Auction Department staff will gladly answer it.

1. Read the Terms of Sale in the front of the catalogue. These terms define your obligation when you submit a bid sheet.

2. Mail your bid sheet as early as possible. This is particularly important if you're a new bidder, for it takes us time to check your references. Also, this assures that your bid sheet will be received before the sale. A bid sheet mailed a few days before the sale might not reach us until a week later—at which time the coins have all been sold to others!

3. I've found it best to use a *work sheet* to compile bids. In this way you can check back and forth throughout the catalogue, make changes and revisions, and so on. Then when you've decided on your final bids enter them on the bid sheet. Try your best to keep the bid sheet neat and clearly understandable, listing the lots in order.

4. If you are a new bidder, send along references and a 25 % deposit.

5. Be prepared to pay in full for all lots for which your bids are successful. Don't bid more than you want to pay! Review your financial circumstances carefully before bidding. If you are awarded lots you are legally bound to pay for them.

6. Please keep current price levels in mind when bidding. While high and low prices sometimes occur, most items sell within market ranges. If a popular coin sells for \$500 on the retail market, chances are not good that a bid of, say, less than \$400 will win it. On the other hand, chances are excellent that a bid in the \$500 to \$600 range will be a winner. There is no harm in bargain hunting, but as your time is valuable (and so is ours) it is most productive if you keep current values in mind while bidding!

7. Auction invoices are due upon receipt unless *prior* credit arrangements have been made with us.

8. You may pay for your auction lots with Visa or Master Charge, but a small percentage increase will be added to your invoice to cover our charges

in this regard.

9. Be sure to sign your bid sheet.

10. Ink is best for writing bids. Pencil tends to blur.

11. If bid changes are necessary, do not write over any figures. Instead, cross them out completely and re-enter the bids.

12. Put your telephone number on the bid sheet. In this way we can call you if there is any question about a bid.

13. Submit bids in even dollar amounts. Cents and fractional dollar amounts will be ignored.

14. Check your bid sheet carefully. You will be responsible for any bids on wrong lots or for the wrong amounts. Please, please be careful!

15. Don't forget to take advantage, if you wish, of the optional 10% or 20% increase to really help your chances of being a successful bidder.

16. If you wish to limit your total expenditure, please write MAXIMUM EXPENDITURE \$_____ and the amount at the *top* of your bid sheet. You can then submit bids for amounts up to *four times* the amount of the maximum expenditure. This is a *personal service* and a Bowers and Ruddy customer representative will personally attend to your bid sheet by bidding from the auction floor, buying lots for your account until your authorized expenditure is reached. Due to the bookkeeping involved, this service is offered only to bidders with maximum expenditures of \$1000 or more. MAXIMUM EXPENDITURE and "ONE LOT ONLY" bidding cannot be combined.

17. Up to five lots may be grouped with brackets for a "ONE LOT ONLY" purchase, if you wish to purchase only one example of a coin of which several examples appear in the sale. Such lots should be bracketed with the notation "ONE LOT ONLY" appearing.

18. Lots may be inspected by mail prior to the auction. Please write or call for further information.

19. Our Auction Department is here to serve your needs. We really appreciate your interest and business and will do anything we can to make auction bidding by mail more enjoyable for you. We look forward to receiving your bids.

20. If you want to *sell* your coins by auction, call or write for our free, informative brochure, *How to Sell Your Coins for the Best Price*.

The Del Mar Collection

Bowers & Ruddy Galleries
Public Auction Sale
August 8, 1980

Introduction

Welcome to the Del Mar sale. This compact one-day auction offers choice, rare, and interesting coins from several different sources. Literally, there is something for everyone.

The sale begins with several early American issues, including the exceedingly rare 1785 Vermont copper with the IMMUNE COLUMBIA reverse, followed by two elusive Northwest Company tokens. Then come three Uncirculated large cents, each one of which is bound to attract attention. The stage being set, the sale proceeds with select items among small cents, 2-cent pieces, nickel 3-cent pieces, nickels, and so on through silver coins.

Morgan dollars, always a popular series, are represented by individual scarcities, duplicates, and even triplicates or more — an excellent opportunity to acquire pieces for your collection or to put away quantities for the future. Likewise, many interesting Peace dollars await your bids.

Gold coins include “type” issues as well as individual rare dates. Here again, there is literally something for everyone. Commemorative half dollars are offered in abundance — a beautiful combination of quality and quantity.

Paper money includes scarce individual issues as well as popular designs. When you come to Lot 890 the cycle begins again, with additional offerings in the United States series beginning with half cents, continuing through small cents, nickel 3-cent pieces, nickels and so on up through the higher denominations.

We invite you to participate in the Del Mar sale by mail, as most of our bidders will, or by in-person attendance. A really fine auction is about to begin, a sale with many, many opportunities for the collector, investor, and dealer. The auction gives you the opportunity to acquire coins and notes you have been seeking at the prices you want to pay. The catalogue, representing several months of effort by our staff, is now in your hands. We have done our part; now it is up to you. Each and every one of us here at Bowers & Ruddy Galleries wishes you the best of luck and success. We appreciate very much your past business and interest in our offerings and hope that the Del Mar sale will merit your participation and will result in your acquiring some very desirable pieces.

Sincerely,

A handwritten signature in black ink, appearing to read "Q. David Bowers". The signature is fluid and cursive, with a large initial "Q" and "D".

United States Coins

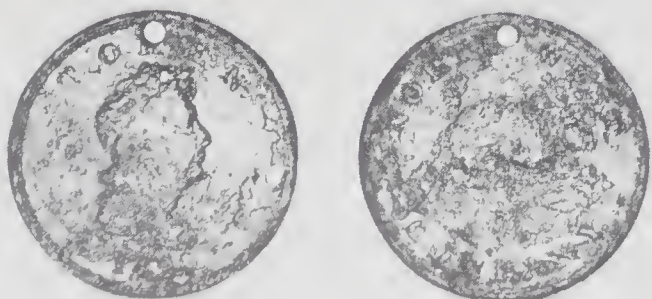

Colonials

- 1 **1652 Pine Tree shilling, large size. Noe-8. AU-50**, steel gray, but a tiny hole has been plugged with great skill and nearly defies detection. Variety with NE of NEW joined together like a monogram, late breaks at GL.

- 2 **1785 Vermont copper. R-1 with the IMMUNE COLUMBIA reverse. Good-4**, smooth bluish chocolate, free of defects except for a small pit in right obverse field. Reverse die too large for planchet, date entirely off flan. Late die crumbling at rim above head on obverse.

- 3 **1820 Northwest Co. token. Brass. Fine-12**, unworn but heavily corroded and rough from being buried for over a century. Holed as always for suspension on a string. Still very rare, despite the appearance of a small hoard found in an Indian burial site a few years ago.

Half Dollars

Lovely Uncirculated 1834 Half Dollar

178 1834 O-113. Small date, small stars and small letters in the legend. Interesting variety having the edge lettering doubled. (Conveniently not any more expensive than a "type" bust half). **MS-63, Brilliant Uncirculated.** Weakness of strike on PLURIBUS, but this is a characteristic of bust halves from the 1830s. The high point of Miss Liberty's breast is exactly opposite this high point on the reverse. An insufficiency in striking pressure did not bring up both portions fully. The lustre, however, more than makes up for this. It has the full "cartwheel" dazzle so attractive on a Brilliant Uncirculated coin.

179 1836 O-101. Lettered edge. Again, a pleasing **MS-63, Brilliant Uncirculated** coin. Softness of strike appears in the centers of both obverse and reverse, while the peripheries are boldly defined. Some light toning quietly bathes the deep, mark-free lustre of the fields. All in all a worthy candidate for your type set or investment portfolio.

180 1861 **Proof-60**, with exciting blue and gold toning around the edge (probably from having been protected over the years in a Whitman-type album). While there are some of the usual light hairlines visible, this does not detract from the significance or importance of the coin. As a no motto type coin few were made, many lost or impaired. Collectors today must vie among one another whenever one of these comes on the auction block.

Low Mintage Proof 1863

- 181 **1863** Lowest mintage recorded for a Proof seated half dollar after 1860! But 460 were struck for the few souls collecting coins in the midst of the Civil War. We have not handled many nice ones over the years (they tend to come mishandled). But, here is a pleasing specimen—**Proof-63** with light greenish toning. Exceptional strike quality marks this as being a premier seated half dollar.

Scarce Proof 1865 Half Dollar

- 182 **1865 Proof-63, brilliant.** Last Proof issue featuring the “no motto” reverse. Again, 1865 comes in with a very small Proof mintage. Only 500 specimens were struck. In 115 years, how many can have survived undamaged? The present specimen is kept out of Proof-65 only by a tiny contact mark on Liberty’s leg.

Important Mint State 1866 With Motto

- 183 **1866** An edict of Congress compelled the mint to add the now-famous motto IN GOD WE TRUST to many coins beginning in 1866. And 1866 coins are popular with collectors because of this. Most half dollars encountered bearing this date are seen in circulated condition, or are survivors of the few Proofs sold to collectors. Here is an important exception. We are pleased to offer for your bidding pleasure an **MS-63**, Uncirculated specimen having delectable blue and gold toning around the periphery. Every hair strand stands out boldly upon Miss Liberty’s head. Each tiny star twinkles its radial lines—evidence of a full, sharp strike from the dies. This specimen should bring over \$3000 to the satisfied successful bidder.

- 184 **1867 Proof-63.** Somewhat hazy surfaces, but no defects and only a few minute hairlines.

Glittering 1869 Proof Half Dollar

(See Color Photo)

- 185 **1869 Proof-65, toned.** As with several other Proof half dollars in this section (from the same consignor) this 1869 has deep, glittering mirror surfaces and is toned around the periphery. 600 Proofs were struck. We feel this one ranks in the top 10 percent and should find a welcome home in a knowledgeable collector’s portfolio.

Exceptionally Nice Uncirculated 1869

(See Color Photo)

- 186 **1869 MS-67, Brilliant Uncirculated.** Full, blazing mint lustre. 1869 is decidedly rarer in Mint State than in Proof (though the mintage figures would tend not to reveal this). And to find one as exceptional as this is even more unusual. Full square rim, full stars and hair detail on Liberty, sharply defined reverse detail. All add up to equal unparalleled potential. Try to view this lot. The picture cannot do it justice.

Handsome 1873 Arrows Half Dollar

(See Color Photo)

- 187 **1873 With arrows at date.** For only two years in the 1870s the mint added arrows around the date—1873 and 1874. Collectors have long sought after the limited number of Proofs, well knowing these are “blue chip” coins. We’re pleased to place on the auction block a steel blue and gold toned **Proof-63** example of this much-in-demand half dollar.

Scarce Proof 1877 Seated Half

(See Color Photo)

- 188 **1877 Proof-65, toned.** Golden color with undertones of steel blue. 1877 saw a reduced Proof mintage of 510 pieces. Records do not say why the mintage fell in this one year. And of course, 1877 as a date has immense appeal. We suggest you seriously consider bidding for Lot 188!

1877-S Uncirculated Half Dollar

- 189 **1877-S MS-65, Brilliant Uncirculated.** For the collector desiring a "common date" seated half dollar in high grade, you need look no farther! This one has what you're looking for—excellent strike, full cartwheel lustre, no defects.

Proof 1878 Seated Half

- 190 **1878 Proof-63, toned.** Another in this prestigious run of scarce Liberty seated half dollar Proofs. Dullish gray and gold toning. No detractions and an absolute minimum of hairlines.

Low Mintage 1885 Seated Half Dollar

- 191 **1885 Proof-63, toned.** Brilliant surfaces with a halo of iridescent blue and gold toning around the rim.

Mintages for Liberty seated halves plummeted beginning in 1879. The mints were so busy cranking out countless Morgan dollars they had little time to devote to half dollars (as well as quarter dollars). From an average of well over 1,000,000 coins each year prior to 1879, mintages fell to under 15,000 from 1879 to 1890. 1885 saw a paltry 6,130 half dollars struck. Of these, only 930 were Proofs.

Collectors have long desired the dates from 1879 to 1890. And if ever there was a lesson to be learned about coin price increases it is that those coins with the most collector appeal, and in the highest grades, do the best!

Nicely Toned 1891 Proof Half Dollar

- 192 **1891 Proof-65, toned.** Perfect for a type set. The last year of issue. 600 Proofs struck. Toned a warm brownish gold.

1891 saw the end of a long era. Gobrecht's stylish Liberty seated motif, which had been introduced way back in 1836, finally gave way to a more "modern" (for its day) design. Mint engraver Charles E. Barber was given the delightful task of designing new motifs for the dime, quarter and half dollar denominations. He chose a manly appearing Liberty head for his obverses, and on the reverse of the half dollar and quarter, a rendition of the Great Seal of the United States.

Mintages were generally back to "normal" after 1891, but nonetheless, rarities abound in the Barber half dollar series. Particularly rare are Mint State examples of the branch mint coins.

Scarce Mint State 1892-S

- 193 **1892-S MS-63, Brilliant Uncirculated.** Bright mint lustre having full "cartwheel" effect. Mintage for 1892-S is not low, but there are few surviving Mint State examples.

Unusual Prooflike 1894-S Half Dollar

- 194 **1894-S MS-63, toned Uncirculated.** Prooflike fields both obverse and reverse (unusual for a branch mint Barber half). The toning has shades of blue and purple with a little underlying gold hue.

Lovely MS-63 1895-O Half

(See Color Photo)

- 195 **1895-O MS-63, Brilliant Uncirculated.** Normally New Orleans half dollars come weakly struck in areas. This 1895-O is a pleasant exception to the "rule" for it is fully struck on both sides!

And A Third Handsome Proof: 1909

(See Color Photo)

- 199 **1909 Proof-67, brilliant.** Bottomless mirror fields handsomely offset by the frosted devices.

Proof 1902 Half

- 196 **1902 Proof-63, toned.** Deep gold toning. 777 Proofs were minted in 1902.

Low Mintage 1914 Barber Half

- 200 **1914 MS-65, Brilliant Uncirculated.** The last Barber half dollar we offer in this section is also one of the most difficult to find in Mint State. 1914 came out with an aborted mintage of 124,610. Most seen today are either in Good-Very Good condition or Proofs. Here is a rare opportunity to bid for an honest-to-goodness Uncirculated 1914.

Dazzling 1904 Proof Half

(See Color Photo)

- 197 **1904 Proof-65, brilliant.** Dazzling! That is the only word needed to describe the deep mirror surfaces offset by white frosted devices. View this coin prior to bidding. You will fall in love with it.

Popular 1923-S Half

(See Color Photo)

- 201 **1923-S** A scarce date, 1920s issue in outstanding condition: **MS-67, Brilliant Uncirculated.** Superb in all respects. Watch the bidding on this jewel.

A Second Dazzler: 1905

(See Color Photo)

- 198 **1905 Proof-65, brilliant.** Nice as the preceding!

- 202 **1927-S MS-63, Brilliant Uncirculated.** Somewhat soft strike in centers as is typical for coins of the twenties

- 203 1928-S MS-63, Brilliant Uncirculated. Better than average for 1928 (which normally comes with miserable strike in the center). Many of the skirt lines show on Liberty's leg.

Full Strike 1929-S

- 204 1929-S MS-65, Brilliant Uncirculated. Full strike.

- 205 1934-S MS-65, Brilliant Uncirculated. Full strike. Full thumb on Liberty. A key date in the 1934 to 1947 "short set."

- 206 1935-D MS-65, Brilliant Uncirculated. Much better strike than usually seen for 1935-D.

- 207 1935-D MS-65, Brilliant Uncirculated. As last.

- 208 1935-D MS-65, Brilliant Uncirculated. As last.

- 209 1935-S MS-65, Brilliant Uncirculated. A small rim mark on the reverse mentioned for accuracy. Otherwise the coin meets or exceeds the MS-65 classification.

- 210 1936-D MS-65, Brilliant Uncirculated.

- 211 1936-D MS-65, Brilliant Uncirculated.

- 212 1937-S MS-65, Brilliant Uncirculated.

Next to the silver dollar series, Liberty walking half dollars are perhaps the most loved and popular American coins. The dates after 1934 are not particularly rare, but they do come nice and collectors regularly climb over one another to acquire nice examples for their sets. We doubt that they will ever lose their popularity, for where else can you find such beautiful coins to complete a set? Walking Liberty halves rival most all other U.S. as well as foreign coins when it comes to beauty of design.

213 1937-S MS-65, Brilliant Uncirculated.

Key Date 1938-D

214 **1938-D MS-65, Brilliant Uncirculated.** Key date in the later years having a reduced mintage of 491,600. Here is an attractive specimen.

215 **1938-D MS-65, Brilliant Uncirculated.** Twin to the preceding.

216 1939 MS-65, Brilliant Uncirculated.

217 1939-D MS-65, Brilliant Uncirculated.

218 **1940 Proof-69, brilliant.** Unbeatable quality!

219 **1942 Proof-69, brilliant.** Looks like it just came off the coining press.

220 1943 MS-65, Brilliant Uncirculated. Some rim nicks.

222 1944-D MS-65, Brilliant Uncirculated.

223 1944-D MS-65, toned Uncirculated.

224 1944-S MS-65, Brilliant Uncirculated. Usual softness of strike in the centers.

225 1944-S MS-65, Brilliant Uncirculated. Usual strike.

226 1944-S MS-65, Brilliant Uncirculated. Usual strike.

227 1944-S MS-65, Brilliant Uncirculated. Usual strike.

Silver Dollars

Classic 1839 Gobrecht Dollar

242 **1839 Gobrecht.** One of the most desired classic rarities in American numismatics is the Gobrecht dollar. Technically a pattern coin, sufficient numbers were produced and passed around that the style is collected right along with regular issue U.S. coinage. The present specimen has stars on the obverse, no stars on the reverse and a reeded edge. It was either carried for years as a pocket piece or saw actual duty as a circulating medium for it grades a worn but very pleasing **Choice VF-30.**

Rare Proof Seated Dollar of 1863

(See Color Photo)

- 243 **1863 Proof-65, toned.** Deep blue toning on the reverse, moderate blue toning on the obverse. Only 460 Proofs were struck for 1863! Few could possibly equal the quality of this one.

Brilliant Proof 1865 Dollar

(See Color Photo)

- 244 **1865 Proof-65, brilliant.** Identical quality to the preceding, this one being nearly fully brilliant. Only the slightest golden hues cover the brilliance. Full frosted devices pleasantly offset the mirror fields. Proof mintage for 1865 was 500. Most seen today have been mistreated over the intervening 115 years.
- 245 1879-O First of the New Orleans Morgan dollars. Many Choice AU-55 "sliders" abound for 1879-O. This is why the value increases geometrically as the grade advances to full Uncirculated. The present specimen is "all there" and grades a conservative MS-63, BU.
- 246 1880 MS-65, Brilliant Uncirculated.
- 247 1880 MS-65, Brilliant Uncirculated.

- 248 1880-O MS-65, Brilliant Uncirculated. Again, a scarce New Orleans issue in Mint State condition—most seen grading Choice AU-55.
- 249 1880 O MS-63, Brilliant Uncirculated

Lovely Proof 1882 Morgan Dollar

(See Color Photo)

- 250 **1882 Proof-65, toned.** Light and attractive blue-gold coloration. 1,100 struck. All Morgan dollar Proofs have had a steady march upward in price over the past three decades—ample evidence of continued strong demand by collectors for the relatively limited numbers of Proofs available. Here is a top-quality example.
- 251 1882 MS-65, Brilliant Uncirculated.
- 252 1882-CC MS-65, Brilliant Uncirculated.
- 253 1882-CC MS-65, Brilliant Uncirculated.

- 257 1882-O MS-65, Brilliant Uncirculated.

Scarce and Desirable 1883-S Morgan Dollars

- 258 **1883-S MS-65, Brilliant Uncirculated.** Never common in Mint State, 1883-S becomes more and more elusive as each year rolls by. We have had consigned to us three delightful MS-65s and offer them here.
- 259 **1883-S MS-65, Brilliant Uncirculated.**

260 1883-S MS-65, Brilliant Uncirculated.

261 1884 MS-63, Brilliant Uncirculated.

262 1884 MS-63, Brilliant Uncirculated.

263 1884 MS-63, Brilliant Uncirculated.

The Elusive Mint State 1886-O

264 1886-O MS-65, Brilliant Uncirculated. Full strike. 1886-O is one of those anomalies in the Morgan dollar series. Mintage was slightly over ten million (a bit more than 1885-O). Thousands of Uncirculated 1885-O dollars are around. Yet so few 1886-O dollars are seen that one wonders whether some gremlin didn't run off with most of the entire mintage!

Be that as it may, the rarity of Mint State 1886-O dollars is now a fact. You might want to stretch a bit to acquire this one for we doubt that you can pick up another anytime soon.

273 1888-O MS-65, Brilliant Uncirculated. Soft strike in centers.

310 1892-O MS-65, Brilliant Uncirculated. Soft strike in centers.

311 1892-O MS-63, Brilliant Uncirculated.

312 **1893 MS-65, Brilliant Uncirculated.** Small mintage for 1893 in relation to other dates in the Morgan series. Only 389,792 pieces were struck. Three nice ones are offered in this section.

313 1893 MS-65, Brilliant Uncirculated.

314 1893 MS-65, Brilliant Uncirculated.

Three Scarce 1893-CC Morgan Dollars

315 1893-CC MS-65, Brilliant Uncirculated. Full strike. An exceptional specimen of this last year of issue for Carson City. 1893-CC is one of the key dates in the Morgan dollar run—often lacking in high grades even in nearly complete sets.

Another Morgan Rarity: 1893-O

(See Color Photo)

318 1893-O MS-63, Brilliant Uncirculated. Somewhat softly struck in the centers. As this is the usual state of affairs for 1893-O it will probably not detract from the overall desirability of the coin.

Full Strike 1894 Dollar

319 1894 MS-65, Brilliant Uncirculated. Full strike. Bright mint lustre, which is far from normal for this year.

A Small Selection of 1894-O Dollars

316 1893-CC MS-63, Brilliant Uncirculated. Full strike.

(See Color Photo)

320 1894-O MS-65, Brilliant Uncirculated. Well struck. Excellent surfaces and bright mint lustre. Everything one could ask for in a scarce date Morgan dollar.

325 1894-S MS-65, Brilliant Uncirculated.

326 1894-S MS-65, Brilliant Uncirculated.

Low Mintage 1895-S

327 1895-S MS-65, Brilliant Uncirculated. A low mintage of 400,000 bespeaks of the importance of 1895-S. About one bag was released with the famous Redfield hoard. These were quickly spread around the country without putting even a dent in the coin's upward price spiral. Now, years after the Redfield event, few nice 1895-S dollars appear on the market.

328 1895-S MS-65, Brilliant Uncirculated.

Three High Grade 1896-O Dollars

(See Color Photo)

329 1896-O MS-65, Brilliant Uncirculated. A touch of golden toning. The strike in the center portions is far and away above average.

330 1896-O MS-63, Brilliant Uncirculated. A little brighter mint lustre and this would surely grade a full MS-65, BU.

- 331 **1896-O MS-63, Brilliant Uncirculated.** Bright mint lustre. A normal amount of light bagmarks for the coin. Conservatively graded at MS-63.

- 335 **1897-O MS-63, Brilliant Uncirculated.** Needle sharp strike, a minimum of bagmarks. Subdued lustre is all that keeps this from the MS-65 classification.

336 1897-S MS-65, Brilliant Uncirculated.

337 1897-S MS-63, Brilliant Uncirculated.

338 1898-S MS-63, Brilliant Uncirculated.

339 1899 Low mintage issue. MS-63, Brilliant Uncirculated.

- 332 **1896-S MS-65, Brilliant Uncirculated.**

1897-O: Another Popular Year

(See Color Photo)

- 333 **1897-O MS-65, Brilliant Uncirculated.** Very well struck, indeed, for the year. Most of the eagle's breast feathers are displayed. The lustre is bright and the bagmarks are held to a minimum on this specimen. All in all a handsome example of this popular date.

- 340 1899-S MS-65, Brilliant Uncirculated.

Dazzling 1901 Proof Dollar

(See Color Photo)

- 341 **1901 Proof-67, brilliant.** Bathed in the lightest glow of golden toning. 1901 is recognized as one of the most elusive dates in high grades. Often it is easier for the collector to purchase a Proof than a Mint State specimen. If you want a top-of-the-line 1901 Morgan dollar, look no farther!

- 334 **1897-O MS-63, Brilliant Uncirculated.** Subdued lustre, decent strike and minimal contact marks.

Scarce MS-63 1901 Dollar

(See Color Photo)

- 342 **1901 MS-63, Brilliant Uncirculated.** Strike quality is good. Very few bagmarks. Subdued lustre, so typical of 1901 Philadelphia dollars.

- 343 **1901 MS-63, Brilliant Uncirculated.** Surfaces with a few more bagmarks. Lustre as preceding. Another handsome example of the scarce 1901.

Attractive First Year of Issue Proof

396 1934-D MS-63, Brilliant Uncirculated.

Lovely Key Date 1934-S Peace Dollar

(See Color Photo)

397 1934-S MS-65, Brilliant Uncirculated. Highest priced date in the Peace dollar series. Here is an excellent example for your bidding pleasure.

400 1873 Proof-60, brilliant. First year of issue for this short-lived type. Trade dollars were minted for trade in the Orient. They could not be spent in the United States and for many years were available from coin dealers for under one dollar! 865 Proofs were struck in 1873.

401 1873-CC AU-50, whizzed on a wire brush wheel (to simulate lustre).

Delightful 1877-CC Trade Dollar

(See Color Photo)

402 1877-CC MS-65, Brilliant Uncirculated. Excellent strike. Bright mint lustre. Important, too, because of its romantic Carson City heritage.

Lightly Toned Proof of 1880

- 403 **1880 Proof-60, toned.** Brownish gold color. Trade dollars dropped off in popularity in the late 1870s. After 1878, only a few Proofs were struck for collector demand. 1880 saw a mere 1,987 Trade dollars minted.

Attractive 1883 Proof Trade Dollar

- 404 **1883 Proof-60, brilliant.** The small mintage of 979 pieces makes 1883 the third lowest coinage for regular issue Trade dollars.

Three-Dollar Gold Pieces

Rare 1858 \$3 Gold

(See Color Photo)

- 459 **1858** Low mintage date. Only 2,133 1858 three-dollar gold pieces were struck. Few are known today. This specimen grades a full **Choice EF-45** and has lustre in the protected areas. The surfaces are excellent.

Low Mintage 1868

- 460 **1868 AU-50**. Another elusive three-dollar gold piece is 1868. Mintages in the 1860s and early 1870s were, as a rule, very limited. 1868 is no exception, 4,875 were struck. Why not consider adding this to your collection. It doesn't run much higher than a more common date.

- 461 **1874 EF-40**, once mounted at the rim.

- 462 **1878 AU-50**. Goodly quotient of mint lustre remains. Small mark by Liberty's forehead is noted.

- 463 **1878 VG-8**, solder removed from rim.

- 464 **1886** Low mintage date. EF-40, minor damage at the center of the obverse.

- 465 **1888 AU-50**. Light, but noticeable pinscratches on the obverse. Much mint lustre.

Commemorative Gold

Exceptional 1904 Lewis and Clark \$1

(See Color Photo)

809 **1904 Lewis and Clark \$1.** Scarcest of the gold dollar commemoratives in high grade, we're pleased to offer for your bidding an exceptional **MS-67, Brilliant Uncirculated** specimen. Only 10,025 Lewis and Clark gold dollars were struck. These were distributed at the Portland, Oregon Lewis and Clark Centennial Exposition in 1905. As is so often the case with these expositions, mainly non-collectors purchased the little gold pieces. Not knowing how to handle them properly, most Lewis and Clark dollars became scuffed or scratched. Full Mint State specimens are really very rare today.

We expect spirited bidding on this piece. The reward, of course, comes later on when it is time to resell the piece. Just as many envious collectors will be vying for the coin then as are vying for it now!

Coins of Hawaii

Hawaii was a kingdom prior to becoming a territory of the United States. Imagine if you will a two-bit kingdom with palace intrigues, foreign government pressures and a strategic location in the mid-Pacific and you have a pretty good picture of this lovely Island society in the 1800s.

King Kalakaua (r.1874-1891) was one of the most popular kings Hawaii ever had. More important to coin collectors, various and sundry coin and paper money issues emanated from Hawaii during Kalakaua's reign. Two of the rarest pieces are offered in this section: the Proof five-cent piece and the Proof dime.

Rare 1881 Proof Five-Cent Piece

(See Color Photo)

- 816 **1881 five-cent piece.** Thick nickel planchet (struck slightly after the turn of the century). A dazzling **Proof-65** specimen displaying the lightest modicum of toning.

King Kalakaua took a world tour in 1880 (he was the first King from any country ever to visit the United States of America). After returning to Hawaii, Kalakaua was approached by the owner of a New Caledonia nickel mine wanting to contract out a coinage for the kingdom. The French owner struck about 100 1881 five-cent pieces and gave them to the King. Nothing more came of the deal, however. Around the turn of the century, an enterprising individual (unknown today but believed to have lived in Canada) struck up some additional pieces. The originals all started out as Uncirculated coins struck on thin nickel planchets. The diagnostic feature is a small cross at the top of the crown on the reverse. The "restrikes" if such can be labeled for restriking a pseudo-coin, do not have this cross. They were made in both thick and thin planchets (the present coin having been struck on a thick one), in Proof and Uncirculated and in nickel and aluminum. All told, probably another 100 or so "restrikes" were made.

Far fewer than this are known today. Experts estimate the total population of all varieties at 75 to 100 pieces (seven originals were soldered together into a bracelet!) Thus the present specimen must rank as a top-of-the-line example. We expect it to bring over \$6000.

The Rare 1883 Proof Dime

(See Color Photo)

- 817 **1883 Ten cents. Proof-65, deep blue toning.**

King Kalakaua's appetite was whet by the gift of 100 1881 five-cent pieces. Through his agent, he contracted with the Philadelphia Mint for a coinage for his small kingdom. A total of \$1,000,000 (dollars) face value was minted (check the *Guide Book of U.S. Coins* for mintage breakdowns). A small number of Proofs were struck, however, for distribution to the King and important personages in the Islands. Records indicate 26 Proof dimes were minted (six in September 1883 and twenty a year later), sent to the Islands, and distributed. Fewer than this number are known today.

Without a doubt this is one of the most interesting and significant coins to come out of the Kingdom of Hawaii.

- 818 **1883 Ten cents (UMI KENETA = ten cents).** Regular issue coin. **EF-40.** Same designs as the preceding Proof.

- 819 **1883 Quarter dollar (HAPAPA = ¼ of 100).** Lovely **MS-63, Brilliant Uncirculated.** Prooflike fields on the obverse. Frosty reverse. Only a scattering of bagmarks keeps this from a higher grade.

- 820 **1883 Half dollar (HAPALUA).** **EF-40.**

- 821 **1883 Half dollar.** **VF-20.**

Proof Sets

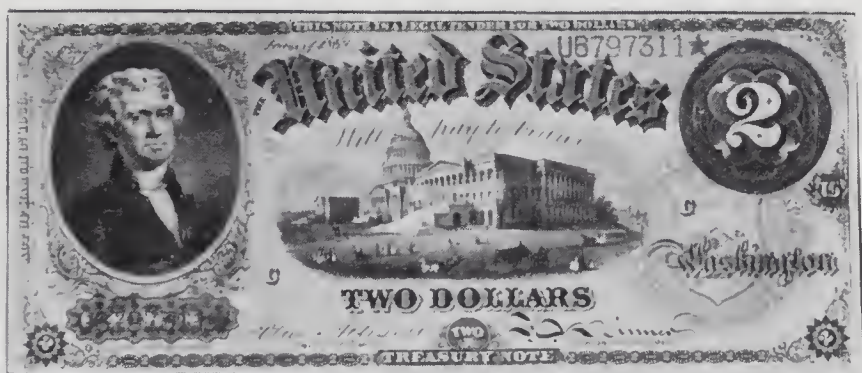

822 **1938 Proof set.** Proof-67, brilliant in quality. All exceptional coins. (Total: 5 pieces)

823 **1940 Proof set.** Proof-67, again all pieces brilliant and superb. (Total: 5 pieces)

U.S. Paper Money

824 F-39 \$1 Legal Tender. 1917. Portrait of George Washington. A popular "type" note. Crisp New.

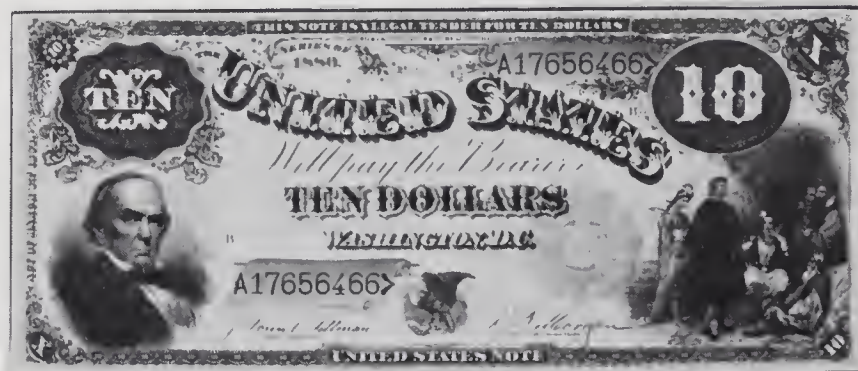

825 F-42 \$2 Legal Tender. 1869. Colorful rainbow series issue. Red, green, blue and black are attractively combined on the obverse. Ostensibly this was an anti-counterfeiting device. However, it made for one of the most handsome series of United States paper money. **Choice Crisp New.** Bright colors. Two rounded corners and a slightly askew centering are all that restrain us from grading the piece a full Gem.

826 F-56 \$2 Legal Tender. 1880. Small red seal, blue serial numbers. Choice Crisp New.

827 F-57 \$2 Legal Tender. 1917. Small red seal, red serial numbers. Crisp New (comparable to MS-60 in a coin). Three balanced margins and the bottom one somewhat close to the design but not touching. Some light age spotting near the top border, but this is not unnatural on a century-old note.

828 F-64 \$5 Legal Tender. 1869. Another in the popular rainbow series of notes. This one grades a full **Choice Crisp New.** Were it not for an all but invisible pinhole, we would not hesitate to grade this higher. The colors are excellent. Margins good (the left one narrower than the others but full nonetheless). No counting smudge, no age spots.

829 F-111 \$10 Legal Tender. 1880. The jackass note. Small red seal, blue serial numbers. **Gem Crisp New.** Bright. Well centered.

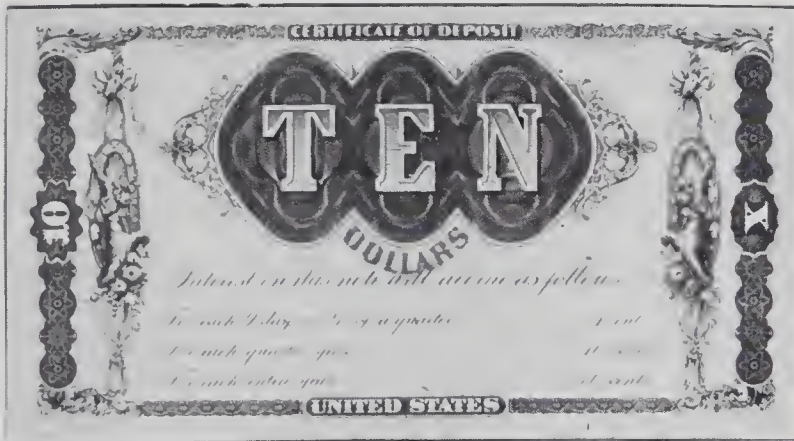

For some strange reason collectors of paper money (as well as coins, stamps, etc.) like to give nick-names to various issues—such as this "jackass" note. Other strange paper money monikers are: "rainbow series," "tombstone" silver certificates, "technicolor" notes, "watermelon" and "grand watermelon," and the misnamed "Onepapa" Indian chief \$5 bill (the chief's name isn't even Onepapa!).

830 F-122 \$10 Legal Tender. 1901. Bison note. An ever-popular type. **Choice Crisp New.** Attractive.

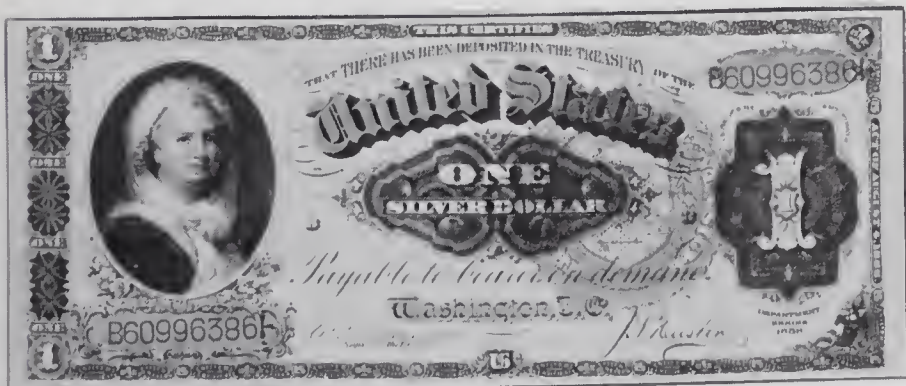

- 831 **F-122 \$10 Legal Tender. 1901.** Another bison note. Crisp New. This appears to be a Gem Crisp New, but close examination reveals the note to have been starched in an effort to improve its firmness. Serial number E57211186. Position F.

Rare and Desirable Refunding Certificate

- 832 **F-214 \$10 Refunding Certificate. 1879.** This is one of America's strangest paper money issues for it paid interest as well as performed duty as a circulating medium! Few were made. Most of the small numbers of survivors grade from Fine to Extremely Fine. We're pleased to be able to place upon the auction block a pristine **Gem Crisp New** specimen. Bright, bright colors on white, white paper. Perfect centering. Sharp corners. Comparable to MS-67 quality in a coin! You should try to view this lot to appreciate its high grade.
- 833 **F-217 \$1 Silver Certificate. 1886.** Martha Washington note. With the ornate reverse as used on 1886 series bills. Crisp New. Bright colors. Small counting smudge at upper right.

Gem Brown Seal Martha \$1 Bill

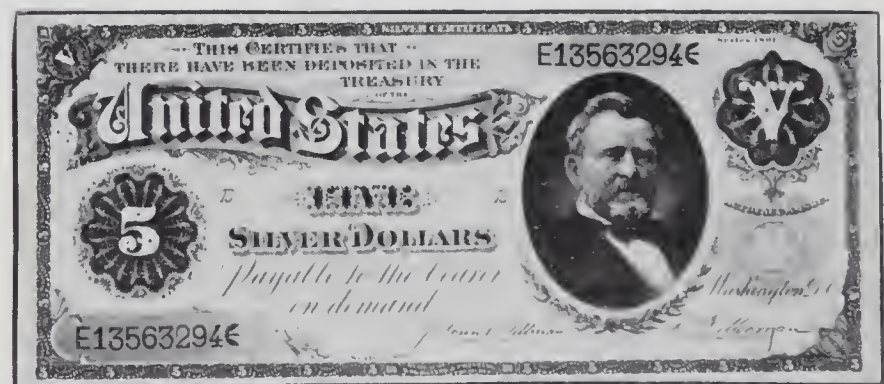

- 834 **F-219 \$1 Silver Certificate. 1886.** Brown seal, blue serial numbers (a delightful color combination). This attractive obverse combined with the ornate reverse gives a striking appearance! On top of all this is the grade: **Gem Crisp New**. Pristine as the day it left the press.

- 835 **F-219 \$1 Silver Certificate. 1886.** As last. Crisp New. Appears to be a Gem. However, inspection reveals it to have been starched at one time (an unfortunate habit done in a misguided attempt to improve the crispness of an already Crisp New note). Inexpensive, yet with all the characteristics of a Gem note.

- 836 **F-247 \$2 Silver Certificate. 1896.** The Educational series silver certificate. The theme of this \$2 bill is Science Presenting Steam and Electricity to Manufacture and Commerce. **Choice Crisp New** and currently bringing over \$6000 at auction in this grade.
- 837 **F-247 \$2 Silver Certificate. 1896.** Another. Crisp New. Small corner crease visible, but otherwise you could grade the bill Choice. Worth about \$2000.
- 838 **F-247 \$2 Silver Certificate. 1896.** Another. AU.

Rare 1891 \$5 Silver Certificate

- 839 **F-267 \$5 Silver Certificate. 1891.** Ulysses S. Grant at right. Red seal, blue serial numbers. Very scarce in all grades, but particularly so this nice: **Gem Crisp New**. Exceptional centering. Needle sharp corners.

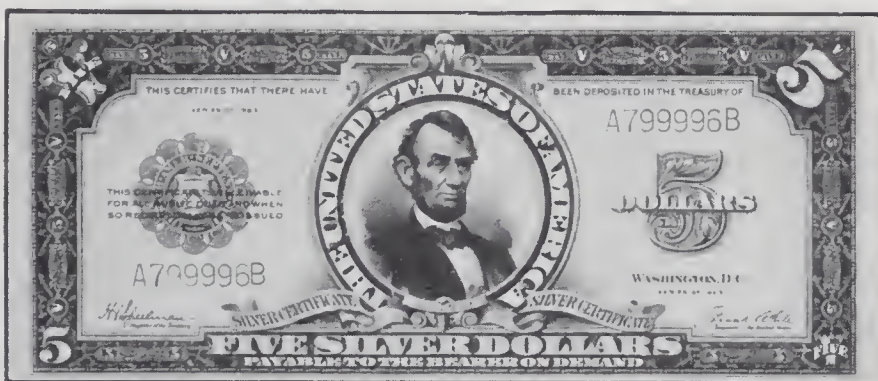

Two Beautiful Educational \$5 Notes

840 F-268 \$5 Silver Certificate. 1896. Educational series note depicting an allegorical Electricity as a central force in nature. AU with most of its original crispness. Worth over \$3500.

841 F-269 \$5 Silver Certificate. 1896. Twin to the preceding; AU.

"Lincoln In The Porthole"

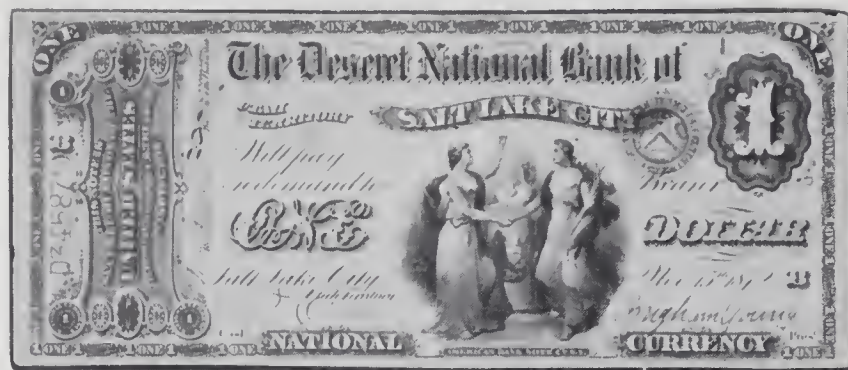

842 F-282 \$5 Silver Certificate. 1923. Lincoln in the Porthole design. Curious, but aptly named, don't you think? Lovely Gem Crisp New. Bright, pristine, flawless. Should realize close to \$4500.

843 F-300 \$10 Silver Certificate. 1891. "Tombstone" note, so named after the tombstone-shaped border around the portrait of Thomas Hendricks. Crisp New, washed (slight fading is a tell-tale sign of washing) but not starched. Worth perhaps \$1200.

The following rare National Bank Note appeared in our January 1980 Dr. Richard P. Ariagno Collection sale. The successful bidder was forced to re-consign it to this sale due to financial straightness. Here is one of those rare opportunities to bid again for a rare, First Charter National. When it appeared in January, we felt it would not surface again for decades. Not often does one get a second chance.

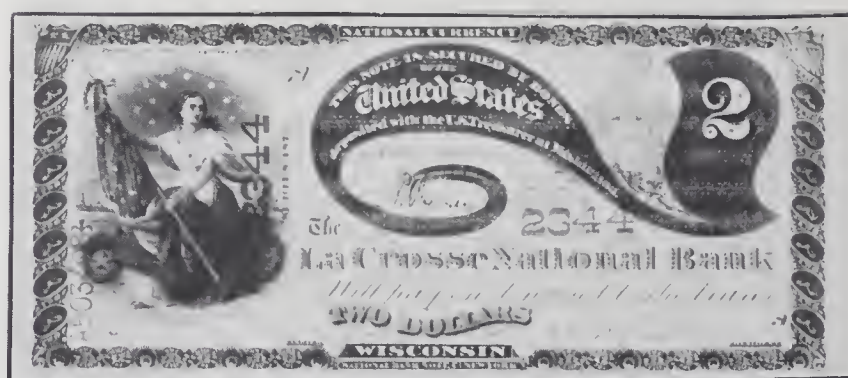

Extremely Rare Utah First Charter

844 Utah. F-382 \$1 First Charter National Bank Note. Original series. The Desert National Bank of Salt Lake City, Utah. Charter number (not on note) is 2059. Serial number 4. Signed by none other than Brigham Young. The note grades a pleasing Fine condition. A tiny defect, and it is barely worth noting, appears at the top margin where a little piece of paper is missing in the margin. This does not touch the design, however. As we stated in the Ariagno catalog: "A wonderful historic note, worthy of the finest collection. Expect a bidding war."

845 Kentucky. F-384 \$1 First Charter National Bank Note. Series 1875. The German National Bank of Covington. Charter number 1847. Crisp New, small corner crease. Bright colors and white paper. A small counting smudge at right does not detract overly from the excellent appearance of the bill.

Superb "Lazy Deuce" from Wisconsin

846 Wisconsin. F-391 \$2 First Charter National Bank Note. Series 1875. The lazy deuce so named after the large, horizontal "2". The LaCrosse National Bank. Charter number 2344. Gem Crisp New. Superb in all aspects. Should bring over \$7000.

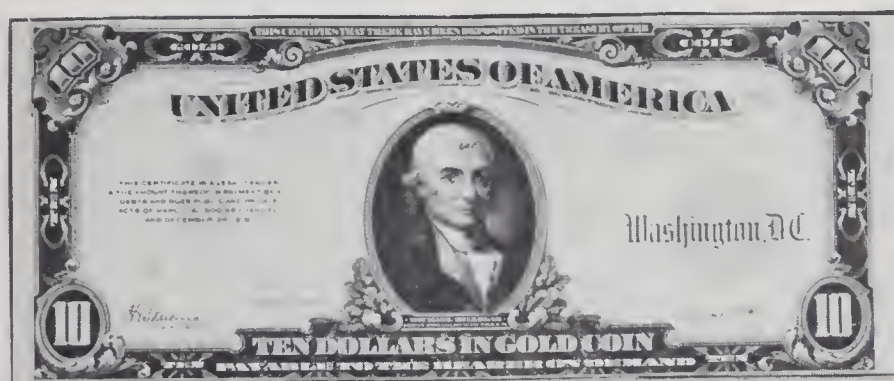

Scarce \$50 Third Charter National

847 California. F-685 \$50 Third Charter National Bank Note. 1902. The Pacific National Bank of Los Angeles. Charter 12454. Serial number 4. Gem Crisp New. A beauty!

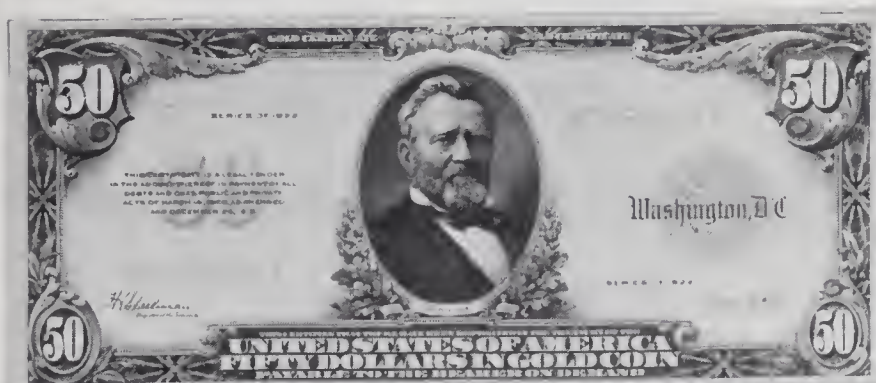

- 848 F-768 \$2 Federal Reserve Bank Note. Battleship reverse. 1918. St. Louis district. Gem Crisp New.
- 849 F-810 \$10 Federal Reserve Bank Note. 1918. New York. Crisp New, starched. Appears to be a Gem, otherwise. Serial number B46927A. Position C.
- 850 F-883 \$5 Federal Reserve Note. 1914. Blue seal. Kansas City. Crisp New.
- 851 F-928 \$10 Federal Reserve Note. 1914. Blue seal. Chicago. Crisp New.
- 852 F-974 \$20 Federal Reserve Note. 1914. Blue seal. Philadelphia. Choice Crisp New.
- 853 F-990 \$20 Federal Reserve Note. 1914. Blue seal. Chicago. Crisp New.
- 854 F-1173 \$10 Gold Certificate. 1922. Crisp New, starched. Serial number H87257531. Position C.

Star Note Gold Certificate

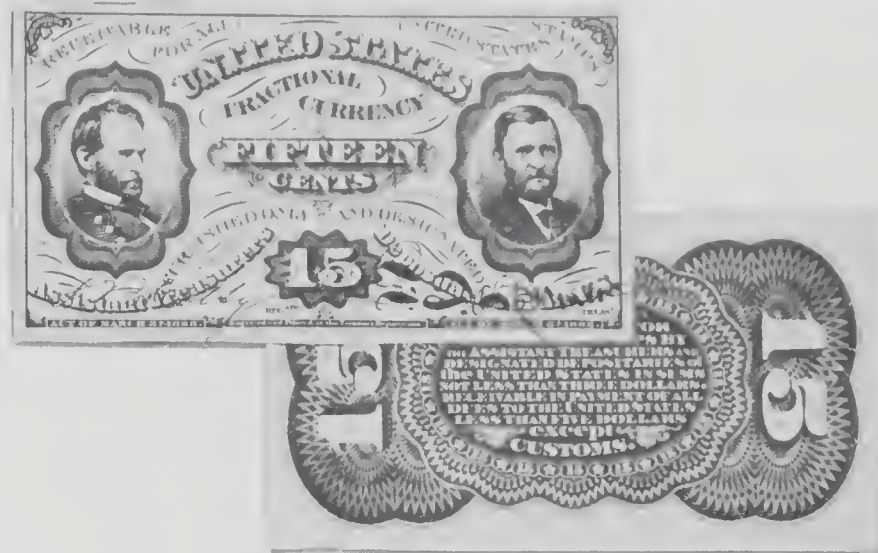

- 855 F-1173 \$10 Gold Certificate. 1922. Rare *star note*. Choice Crisp New.
- 856 F-1187 \$20 Gold Certificate. 1922. Crisp New.

Scarce \$50 Gold Certificate

- 857 F-1200 \$50 Gold Certificate. 1922. All high denomination Gold Certificates are scarce. In high grades these are very scarce. Here is an ultimate **Gem Crisp New** specimen. We expect it to bring about \$3000.
- 858 F-1232 5c Fractional Currency. Choice Crisp New.

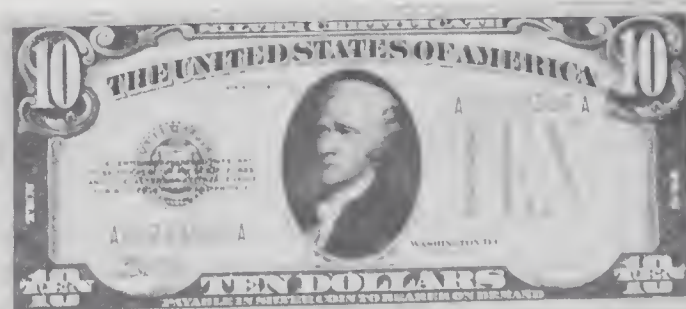

- 859 F-1272 15c Fractional Currency specimen notes. Grant and Sherman portraits. Narrow margin specimens of the obverse with printed signatures and the green reverse. Plain paper. Gem Crisp New. Currently bringing in excess of \$1000.
- 860 F-1279 25c Fractional Currency. Gem Crisp New. Bright color.
- 861 F-1283 25c Fractional Currency. Choice Crisp New.
- 862 F-1329 50c Fractional Currency. Justice. Choice Crisp New.
- 863 F-1500 \$1 Legal Tender. 1928. Three digit serial number—A00000926A. Gem Crisp New.
